

DARYL JAMES MISA

INFORMATION TECHNOLOGY INTERN

228-A Coloong 2 Valenzuela City | djcubeseditz@gmail.com | facebook.com/djcubestechlife/

ABOUT ME

I'm a third-year Information Technology student at Pamantasan ng Lungsod ng Valenzuela. I'm passionate about Video Editing, UI/UX design, and graphic design. I want to use my skills in a real work setting and learn from experienced professionals. I can work well on my own or with a team, and people know me for being able to finish the task on time. I'm looking for an internship where I can learn more and gain experience that supports what I'm studying.

WORK EXPERIENCE

WORLD CUBE ASSOCIATION

2020 - 2024

- Developed and designed pubmats for announcements tailored to each region, ensuring clarity and visual consistency.

MNM CUBESHOP

2022- 2024

- Created video edits and graphic designs to support the shop's branding and marketing efforts.

EZR AND RTL ESPORTS

2019 - 2023

- Developed visually engaging graphic materials that enhanced the team's presentations, social media presence, and internal communications.

ACADEMIC PROJECTS

DJCUBES WEBSITE

UI/UX Designer

2022

Designed and developed the UI/UX layout for my personal portfolio, focusing on user-friendly navigation and visual appeal. Also created promotional publication materials (pubmats) to showcase upcoming products, aligning with branding and marketing goals.

CANUTECH

UI/UX Designer

2025

Developed the UI/UX for a system aimed at improving inventory management and stock forecasting processes for construction supply companies.

CANUTECH

Project Manager

2025

Served as Project Manager for Canutech overseeing the design and development of a system to optimize inventory tracking and stock forecasting for construction supply businesses. Led a cross-functional team, coordinated timelines, delegated tasks, and ensured successful delivery of the UI/UX components.

DJM TECH

Project Manager

2025

Served as Project Manager for DJM TECH, an e-commerce platform specializing in high-performance PC parts and accessories. Oversaw the full project lifecycle—from initial planning and market research to website development, product catalog integration, and post-launch performance analysis. Coordinated cross-functional teams including web developers, UI/UX designers, and marketing specialists to ensure timely delivery and a user-friendly interface.

ATTENDED SEMINARS

2024

- "IT Developer Life Hacks: Working SMART as a Computer Programmer" ITLympics,, April 2024
- "Unlocking Innovation: Navigating Digital Transformation in Today's Landscape" ITLympics, April 2024
